

The background of the entire page is a dark grey silhouette of a volleyball court. In the center, there are three stylized grey silhouettes of volleyball players in various positions: one in the foreground, one in the middle ground, and one in the background. The overall aesthetic is modern and athletic.

VOLLEYWOOD BEACH ACADEMY

Potential VBA Sponsor,

Volleywood Beach Academy's mission is to promote and build the sport of volleyball in St. Augustine by providing educational training and competitive playing opportunities to players of all ages, backgrounds, and skill levels. VBA provides a fun, safe, and disciplined environment in which we expose the athletes to the rules, practices, and strategies of competitive volleyball.

VBA is looking forward to the opportunity to work with you and/or your company. Contributing to VBA is a great way to build local youth & adult volleyball in the St. Augustine community and give toward an academy that gives back to its members. In addition, you will help to introduce a new generation of youth athletes to the sport of volleyball. Your sponsorship will help assure the success of Volleywood Beach Academy.

The funds provided by you and/or your company will be used to provide financial aid to athletes, equipment, operating fees, apparel, court fees, miscellaneous items provided to our members, and the vision of expanding the volleyball community of St. Augustine for athletes of all ages. Our athletes are eager to represent their community as well as the establishments that make it home, and we are confident they have the skills to do so. VBA hopes you will consider sponsoring our club and this excellent group of talented athletes in their endeavors to pursue their passion of volleyball.

We have included a detailed sponsorship tier program for your review. If you are interested in becoming a sponsor of Volleywood Beach Academy, please don't hesitate to contact us. Thank you in advance for taking the time to review our sponsorship program.

Sincerely,

David Wood, Owner/Director
